Application Deadline and Options

Applications for admission are accepted beginning September 13, 2023, for admission for the 2024-2025 Academic Year. You may apply *Early Decision or Regular Decision. Program slots tend to fill quickly so we encourage you to submit your application as early as possible.

Application Deadline	
Early Decision	November 5, 2023
Regular Decision	December 31, 2023

Early Decision

If you are certain that Northwestern is where you want to study, we encourage you to apply under our Early Decision plan. As with all traditional Early Decision plans, if admitted, you agree to withdraw all applications at other colleges and enroll at Northwestern in the Fall.

Applicants who choose Early Decision send a strong, positive message to Northwestern. Given their high level of interest and overall academic and personal strength, Early Decision applicants enjoy a higher rate of admission.

Applicants who apply for *Early Decision admission may be invited to attend the exclusive Master of Science in Marriage and Family Therapy Program Early Admission Interview. During the interview, applicants will meet the MSMFT Program core faculty and some of the current students, participate in a group interview, and learn more about the program. We admit qualified applicants in the Early Decision applicant pool first. Early admission decisions are typically made within 2 weeks after the interview.

Those applicants who apply for Early Decision but are not admitted are placed in the Regular Decision applicant pool upon request by the applicant.

Regular Decision

Applicants who apply for Regular Decision may be invited to attend the Master of Science in Marriage and Family Therapy Regular Admission Interview. During the interview, applicants will meet the MSMFT Program core faculty and some of the current students, participate in a group interview, and learn more about the program. Admission decisions for regular decision applicants are made on a rolling basis.

Applicant Acknowledgement of Regulatory Alignment

Marriage and Family Therapy (MFT) is a profession that leads to licensure in all 50 states; however, each state has its own law and regulations about what is needed to become licensed as an MFT in that state.

Not every state will accept a degree and supervised hours earned in another state. Review license requirements in the state you intend to practice as soon as possible so that you understand what may and may not be accepted across state lines. Here is the link to information about each state's licensure resources: [MFT State/Provincial Resources](#) (AAMFT.org)

The coursework for the Master of Science in Marriage and Family Therapy (MSMFT) program at Northwestern University was designed to meet MFT licensure requirements in the state of Illinois. You may read more about the state requirements for MFT licensure in Illinois by clicking this link: [Illinois Department of Financial and Professional Regulation - MFT Licensing Information](#)

If you have questions about the program's alignment with professional licensure you may contact the Department Chair: Dr. Mudita Rastogi.

Please sign this form and return with your program admissions application.

It is recommended that you keep a copy of this form in your files.

I acknowledge that I have been informed and am aware that licensing regulations differ across states and provinces. I understand that Northwestern University's MSMFT program is designed to meet the licensure requirements in the state of Illinois, and that an MFT degree from this program may not meet MFT licensing requirements in a different state.
